Citywide Racial Equity Goals and Strategies

EQUITY GOAL #1
We will end racial disparities within city government, so there is fairness in hiring and promotions, greater opportunities in contracting, and equitable services to all residents.

EQUITY GOAL #2
We will strengthen outreach, public engagement, and access to City services for communities of color and immigrant and refugee communities, and support or change existing services using racial equity best practices.

EQUITY GOAL #3
We will collaborate with communities and institutions to eliminate racial inequity in all areas of government, including education, criminal justice, environmental justice, health, housing, transportation, and economic success.

OVERALL STRATEGIES
1. Use a racial equity framework: Use a racial equity framework that clearly articulates racial equity, implicit and explicit bias; and individual, institutional, and structural racism.

2. Build organizational capacity: Commit to the breadth and depth of institutional transformation so that impacts are sustainable. While the leadership of electeds and officials is critical, changes take place on the ground, through building infrastructure that creates racial equity experts and teams throughout the city government.

3. Implement a racial equity lens: Racial inequities are not random; they have been created and sustained over time. Inequities will not disappear on their own. It is essential to use a racial equity lens when changing the policies, programs, and practices that perpetuate inequities, and when developing new policies and programs.

4. Be data driven: Measurement must take place at two levels—first, to measure the success of specific programmatic and policy changes; and second, to develop baselines, set goals, and measure progress. Using data in this manner is necessary for accountability.

5. Partner with other institutions and communities: Government work on racial equity is necessary, but insufficient. To achieve racial equity in the community, government needs to work in partnership with communities and institutions to achieve meaningful results.

6. Operate with urgency and accountability: When change is a priority, urgency is felt and change is embraced. Building in institutional accountability mechanisms using a clear plan of action will allow accountability. Collectively, we must create greater urgency and public commitment to achieve racial equity.

Family Classes

Family classes are designed for parents, guardians, and children to interact and participate together. Our philosophy is to honor the child's creative impulses—focusing on process, rather than product. Visual art classes provide instruction in the use of art materials and techniques, and encourage each child's individual style of visual expression. We recommend both adult and child wear grubbies as these classes can be messy. All materials are included. Clean-up is part of all MAC Youth Art classes.

New & Improved!

**Individual Music Lesson Registration Process**

MAC is adapting to better address the complexities of individual music lessons. Our goal is to find the best solution that balances the logistics of providing hundreds of lessons, respects the valuable time of dozens of professional teaching artists, provides high quality instruction at times that work for our students, all while making the financing more manageable and providing more flexibility in scheduling.

To do this, we are transitioning to a new registration process that better aligns with best practices going forward, while honoring current expectations of lesson registration prioritization. Immediate changes will:

- Follow a school year registration system (rather than three separate registration periods), in which you keep your lesson time from fall term through the end of spring term, unless you request otherwise.
- Introduce flexible payment plans that meet the needs of your financial management, and allow for automatic payment plans, deducted from a credit card or checking account.
- Update how schedule change requests and waitlists are managed to be more transparent and customer friendly.

We believe these changes will provide better customer service and better music education for all our students, but know a new process might have a few surprises. Thank you in advance for your patience and support.

**Spring & Summer 2017 Students:** Priority Registration Dates

August 14 - 28 .......................Summer 2017 Students
August 29 - September 5 ......Spring 2017 Students
Through September 23 ............New Lesson Time Requests Confirmed

Register during these timeframes to request your current lesson time by phone or in person. For lesson change requests, we have developed a form to better document what will and won’t work for you. Lesson change requests will be processed as quickly as possible.

**New Students:** Pre-Registration Process

Beginning August 14 ..........Complete Pre-Registration Form
September 6 - 23 .................New Lesson Time Confirmation

There are many teachers, days, and times to choose from at MAC.

By completing the Pre-Registration form you’ll help us to provide you the best lesson time based on your availability and special requests, like instructor or lesson length.

Completed forms will be processed on a first-come, first-served basis, once returning students have been processed.

Our goal is that all lessons will be confirmed by September 23. Please help us by being patient and not calling to check on lesson status.

Hui Gong Qigong for the Heart  Ages 14 & Up
Hui Gong is a healing qi gong form practiced in a standing position as a moving meditation routine. This practice dates back thousands of years and is designed to cultivate your inner wisdom by balancing the “souls” of the 5 internal organs, which roughly translate as; the will, the imagination, the heart-mind, the intention, and the decision-making capacity. When all of these are in harmony, you are less distracted and better able to focus, make good decisions, your life is less exhausting, and all emotions turn into compassion. On a physical level, this form helps to open up the shoulders, increases circulation to the arms and hands, and encourages strength and flexibility of the lower back. Self-massage Qigong will also be taught. Wear comfortable clothing and bring a pillow to sit on.

Within the Americans with Disability Act (ADA) of 1990, Portland Parks and Recreation (PP&R) provides accommodations to individuals with disabilities/special needs, so that they may receive an equal opportunity to participate in programs offered citywide.

HOW IT WORKS
1. Choose the activity you would like to participate in, and then the PP&R site where the activity is being offered.

2. Register for the activity. You can do this in person at a PP&R site, or online at www.PortlandParks.org. When registering, let the person know that you will need accommodations in order to participate in the activity (online, check the box.)

3. Once registered, please contact Inclusion Services at 503–823-4333. If this is your first accommodation through Inclusion Services you will need to do a phone intake with a staff member. At the end of the phone intake, it will be determined whether an assistant will be needed on the first day of the activity to provide on-site support. Future assistance will be provided based on need. The inclusion staff will work with the instructor on how to support you and your individual needs.

IMPORTANT DETAILS
A general program may be adapted using auxiliary aids and services, but the basic structure of the program remains the same. Accommodations are made as needed, and can be flexible and creative. Participants need to register for activities that are intended for their birth age. Personal care is provided for activities in the pre-school and youth category, up through age 12.

If you have questions about Inclusion Services, please call 503–823–4333/TTY. A minimum of 10 business days (Monday–Friday) advance notice is required. The Inclusion Services staff will do their best to accommodate each participant.
Dear Friends,

When I remember to look inside the classrooms of MAC, to get up from that computer, I am constantly inspired—by kids, by grown-ups, by our creative teachers and staff. What happens here every day makes our community a little better, a little more beautiful, a little more meaningful, a little nicer. It all adds up to a wonderful place for thousands of people to share their unique vision. I welcome you to find inspiration here, too. (Hint: look below, not above.)

Michael Walsh, MACA Executive Director
