

WEEKEND WORKSHOP- SURREAL IT!

FEB 10-FEB 11 / 2018 - 10am-4pm

ABOUT / TANMAYA BINGHAM/

Born in Washington DC, Tanmaya Bingham was raised in the artistic community of Santa Fe, NM. Her travels and extended residencies in Asia, Africa, Australia and Europe have been essential to the development of her creative practice. Bingham's hand drawn and painted artworks combine realistically rendered subjects in otherworldly contexts with an oblique or unusual frame of reference.

Bingham has been exhibiting both nationally and internationally for over a decade in places like New York, Santa Fe, Australia and Hong Kong. She is currently represented by Stephanie Chefas Projects in Portland, OR.

Academically, Bingham has a Bachelor of Arts (BA) from Antioch University, Santa Barbara, CA and a Masters of Arts, Visual Arts (MAVA - equivalent to a Masters of Fine Art - MFA) from the Australian National University in Canberra, ACT. She has also studied painting and art history in Florence, art and architecture in Paris, and 3D digital modeling and sculpting in London and Vancouver, BC.

In addition to Bingham's own practice, she has managed galleries and art fairs, worked with private art dealers and mentored other artists. Collectively, her extensive arts education and industry experience have provided her with a deep understanding of what it means to be an artist in the 21st century.
