

Waterless Lithography Workshop

Instructor: Chris Harmon

The Trayle Print Studio is equipped with all of the supplies you will need to process and print 1-2 plates during the two-day workshop.

Optional items you may want to bring;

- Washi (Japanese Rice Paper)
- Watercolor brushes (we have some, but you may want your own.)
- Sketches for reference
- Note-pad to take notes
- Respirator with organic compound (solvent) cartridges. (We have a ventilation fan and lots of windows for air circulation, plus a couple of respirators in the studio, but you may want your own.)
- Additional Printmaking paper such as Rives BFK (we provide some bfk paper, but if you want to print more or try different kinds of paper.
