Collagraph Materials list

Greetings, students! Below is a list of optional items for you to bring to the Collagraph workshop. Your materials fee covers all the necessary materials, including inks, proof paper, adhesives, and some collage items. To supplement, consider bringing:

- Flat-ish objects, lace doilies, or paper doilies, mat board scraps, pieces of cardboard, dried plants, leaves flowers etc. (Green plants and leaves don't glue down very well)
- Other papers, such as Rives BFK paper or any printmaking paper is great. Do not leave paper rolled up, keep it flat once you get home.
- Bring a pictures, drawings, or other image ideas for reference.

And if you're in doubt about anything else to bring, please bring it to class, I'm sure others will have the same question!
