

SUPPLY LIST FOR NATURE JOURNALING classes with JUDE SIEGEL

REVISED MARCH 2017

All supplies can be found at Artist & Craftsman Supply in Portland. They are helpful in finding things, and this list will give you a student discount of 10%.

Please bring the following to the first class in a pack or bag you can carry easily:

A coilbound or sewn sketchbook with at least 90# paper that can take watercolor. Examples: Handbook, Strathmore, Canson and others. Size: at least about 8 x 10, your choice. This will be your journal, so choose something that you like!

Waterproof black pen. Example: Pitt, medium or fine

A small travel palette of watercolors, that hinges shut. Bring what you have, or pick up a set of PRANG. They are inexpensive but usable, until you want something of higher quality. (ask me about options) I do NOT recommend student grade watercolors, like Cotman, Koi etc...I say, either use Prang, or invest in professional quality. I can help you with this.

Watercolor brush, round, size #8 or #10. Princeton makes a blend that is reasonable.

Water containers: small yogurt size, 2-3

Rag

Soft pencil, #4B Example: woodless pencil #4B

Kneaded eraser
