Dear [Preferred Salutation],

Thanks to contributors like you, we are looking forward to supporting another year of fantastic performing and visual arts programs. During the past year, we have been able to increase our scholarship program so that more people than ever have access to high-quality arts education at MAC. We are also enhancing support for outreach programs so that more children have access to arts experiences.

With your help, we have recently remodeled the clay and metal arts studios so that we can accommodate more students while dramatically improving the studios' quality – through better tools, equipment, space efficiencies, and safety. We have also added a community conference room that is designed to meet the needs of our neighborhood associations and the business community.

One goal for next year is to upgrade our sound and lighting systems in the auditorium to better accommodate the needs of our students and community groups that use the space daily. Of course, improving our studios and building our scholarship and outreach programs come at a cost. We are counting on you to help us foster greater access to excellent arts education and cultural experiences within our own community.

If you are a past donor, please consider matching or increasing the donation you made last year. If you haven't been a past contributor, please consider supporting this exceptional community program at a level that is comfortable for you. Your donation is greatly appreciated and will help us remain a world class arts center.

Please make a positive difference in your community by supporting our vision of "Arts for Everyone" today!

Thank you,

Karen McNamee
Board Chairman
