Introduction to Needle Felting

Class Description:

•Join us in exploring the magic of needle felting! This versatile technique can be used to adhere layers of fabric and yarn without sewing or glue, and can also create felt from roving without water. We will fashion a fun, funky brooch from recycled fabrics, create a cheery greeting card using roving and cardstock, and hatch a charming little birdie from roving and felt scraps. All materials provided.

► **Optional Supply List:**

- Sharp scissors
- Beads and button
- Needle felting needles and holder
- Unused thick sponge (do NOT buy the overpriced needle felting blocks)
- Felt, yarn and fabric scraps
