

# Introduction to Lithography

## Materials list

Instructor: Anupam Singh  
Multnomah Art Center

Greetings! Below are the materials list for our Drawing Fundamentals class. Students are encouraged to buy the materials after discussing on first day of class. MAC will provide the basic materials such as lithography plate/stone, two sheets of printing paper, oil-based lithographic inks, printmaking paper (first two sheets only), newsprints, rags, vegetable oil, barrier cream and other printmaking equipment. However, students can acquire personal materials for working on their project.

**Suggested store:** Dick Blick downtown or <https://www.dickblick.com>

Paper	
MAC will provide first two sheets of paper for printing and newsprint papers. Students are encouraged to buy their own paper for additional printing.	<b>Legion Stonehenge Paper</b> <a href="#">10423-1026</a> White 30" x 44" 120 lb \$6.89
